College and Sixth Form Open Events

Please see the relevant links below for details of open events, college and course information at a range of local and regional post-16 education providers.

The Knights Templar Sixth Form- https://sixthform.kts.school/

Shuttleworth College- https://www.shuttleworthcollege.org/

North Herts College- https://www.nhc.ac.uk/

Long Road College, Cambridge- https://www.longroad.ac.uk/

Hills Road College, Cambridge- https://www.hillsroad.ac.uk/

Cambridge Regional College- https://www.camre.ac.uk/

Careers Fair

Our Careers Fair earlier in the month was a huge success, sparking brilliant conversations between prospective employers, higher education providers and our students. The student and parent turn-out for this event was very impressive and we would like to thank all of the exhibitors for their

efforts on the night, in what is a very challenging time for such events. Online content for some of the exhibitors in attendance on the night is available below:

- Army
- Navy
- Staffy B
- MBDA
- Willmott Dixon
- High Speed 1
- East and North Herts NHS Trust
- Cambridge Regional College
- North Herts College
- GTR
- Routes into Rail
- Projects Abroad
- UHY Accountants

One other outstanding feature of the event was Dr Thompson's informative talk, entitled 'University A Level Choices.' It was extremely well attended and we recorded it for those unable to attend.

If your child is starting to think about going to university and would like advice on the best A levels to choose, it is well worth a watch. Please click here to view the talk.

Autumn careers experience opportunities

There are a range of careers experience opportunities this Autumn and this is the final call for students (ages 12-18) wanting to register for this term's opportunities. The organisation has been inundated with demand following their return to in-person programmes at UCL and beyond.

Registration will close next Sunday 24th October for all in-person programmes, so interested students should register immediately. Links to all 28 careers are available via this link, which include medical sciences, tech, media, creatives, engineering, law, politics, sport, business and finance.

Register now to avoid disappointment!

All about apprenticeships

As part of our Careers Fair, we invited a representative from ***Amazing Apprenticeships*** to deliver a virtual presentation about the world of apprenticeships. For a comprehensive ***guide to apprenticeships,*** please visit this video link.

For a more focused look at specific apprenticeship requirements and opportunities, including those in the space industry, please access this month's apprenticeships newsletter.
